- **June 26-July 28:** Summer School
- **August 1-4:** Registration
- **August 24:** Meet the Teacher Day
- **August 28:** First Day of School (1st-8th)

Message from School Administration

Thank you so much to La Causa Charter School families, teachers, and staff! We have reached the end of an incredible 2022-2023 school year. We are so happy to have been able to continue holding events in person at the school this year, such as Time to Shine, Fall & Spring festivals, Winter & Spring Concerts, Day of the Child, and student dances!

As we look to the 2023-2024 school year, our amazing staff will continue to offer bilingual/multicultural education and a variety of FAST opportunities including robotics, computer science, video production, art, and music to our students. We look forward to expanding our restorative practices and social emotional learning opportunities, as well as building our community connections through programs like the Milwaukee County Zoo Ambassadors program and our Urban Ecology Center partnership.

We want to give a special shout-out to our La Causa Charter School families, whose dedication and support have played a significant role in making sure their students continue to be successful in school. Please look for ways that you can be involved with the school for the upcoming school year such as joining our PTO or Governance Council.

We cannot wait to see everyone back this August!

Wishing everyone a safe and wonderful summer,

La Causa Charter School Administration

Parent Engagement at La Causa Charter School

What is parent engagement?

Parents who are engaged with their student's school are parents who participate in school activities and groups, often becoming part of the school's decision-making process. These parents work together with the school to improve the learning, development, and health of the students.

Parent involvement and **Parent engagement** are similar and lead to the same positive outcomes, but they do have differences.

Parent **involvement** includes:

- Volunteering in the classroom
- Chaperoning school events & field trips
- Participating in parent-teacher conferences
- Participating in Time to Shine

Parent **engagement** includes participating in school meetings that give parents the opportunity to offer their own input on school-wide decisions. **At La Causa Charter School, examples of these meetings would be the School Governance Council and PTO.**

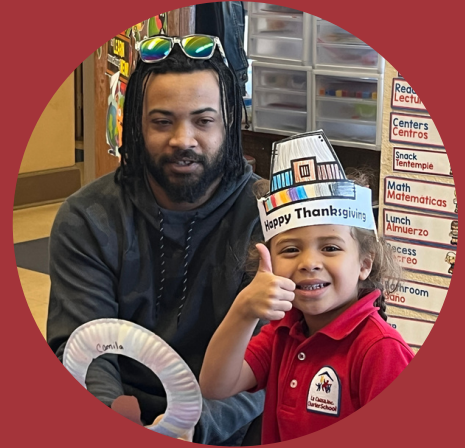

Parent Engagement at La Causa Charter School

Why is parent engagement at school so important?

Parent engagement has positive impacts on:

- **Academic Performance:** Parent engagement enhances the academic performance of the student.
- **Student Well-being:** Parent engagement has a positive influence on student attitude and behavior in the classroom.
- **The Parent/Family:** The parent/family gets a better understanding of how the child is performing academically and socially. When a parent is engaged at the school, they stay informed about the school curriculum and activities, thus being more comfortable with the quality of education their child is receiving and what goes on in the classroom.

What organizations/programs can you be involved in at La Causa Charter School?

- PTO
- School Engagement Council
- Volunteer Opportunities:
 - After School Program
 - School dances
 - School Concerts

For more information on how to participate in these programs for the upcoming school year, please call or send an email to Ms. Hernandez

- **Email:** salmah@lacausa.org
- **Phone number:** 414-316-3828

Thank you for the memories!

Have an amazing summer!
